

MY PLEDGE FOR USING TECHNOLOGY RESPONSIBLY FOR SCHOOLWORK

When it comes to using technology for schoolwork, I will:

- Never plagiarize someone else's work found online or elsewhere
- Always give credit to sources
- Make sure it's okay with my teacher before powering on my phone or computer
- Never use my phone or computer in a disruptive way in the classroom
- Try to look for positive ways to use technology in the classroom, and talk them over with my teacher
- Never use my phone to cheat or to help my friends cheat
